## GENERAL INFORMATION (IN ALPHABETICAL ORDER)

### ATTENDANCE

Attendance is required by law. Children should not be taken out of school before dismissal time except in case of emergency. Students may NOT be dropped off in the mornings prior to staff at their duty stations.

- **Early Dismissals**

Pupils will not be permitted to leave school unless checked out in the office by a parent/guardian or authorized representative whose name is on the child's emergency card. A note should be sent on the morning of an early dismissal to the teacher with the reason and time they are to leave. Students will be called to the office once the parent/guardian signs them out. Medical and dental appointments should be made outside of school hours whenever possible. **District Policy states that three (3) early dismissals/tardies is equal to one (1) absence.** Perfect attendance is bound by this policy.

- **Absences and Excuses** (District Policy)

"Any student that misses school must present a written excuse, signed by a parent/guardian. The excuse should give the reason for the absence and the date not in attendance. The school administration will keep all excuses confidential except to parents. If a student fails to bring a valid excuse to school, he/she will automatically receive an unexcused absence. If a student brings a false (or forged) excuse, his/her teacher must refer him/her to the school administration for appropriate action." Students absent for medical appointments should bring a medical excuse from the physician. Students will be considered lawfully absent for:

- Illness
- Death or serious illness in their immediate family
- Recognized religious holiday of their faith
- Participation in school-sponsored events
- Extenuating circumstances approved by the principal

Students absent for the above reasons will be given opportunities to make up missed school work.

Students will be considered unlawfully absent for:

- Willful absence from school without the knowledge of their parent
- Absence without acceptable cause with the knowledge of their parents/guardians

**After three consecutive unlawful absences or a total of five unlawful absences, school officials will identify the reasons for the child's continued absence and develop a plan in conjunction with the student and parent/guardian to improve future attendance. Continued problems with unlawful absences will be turned over to the County attendance officer and/or the solicitor's office.**

- **Tardiness**

Students are tardy if they are not **IN THEIR CLASSROOM by 8:00.** Students must be dropped off by 7:55 in order for students to be able to get to their class before being marked tardy. **Students coming after 8:00 must be accompanied by a parent to sign them in at the office. Habitual tardiness will be turned over to the attendance officers.** Excessive tardiness causes students to fall behind in their academic instruction. **District Policy states the three (3) early dismissals/tardies is equal to one (1) absence (see policies section).**

### **BREAKFAST AND LUNCH PROGRAMS**

Breakfast will be served from **7:20 to 7:55.** The District provides breakfast free of charge to every student wishing to eat. It is important that your child arrive early in order to have time to eat

breakfast. Teachers will begin cleaning up at 7:55 in order to begin instruction on time. **If a child arrives late for school, he/she will not be served breakfast unless the late arrival is by bus.** The lunch schedule is provided at the end of this handbook.

- Free/Reduced Price Meals: Students will bring home information about free and reduced lunch. If you would like to apply, please complete the proper form, sign, and return to your child's teacher. You will be informed by letter if your child is eligible for free or reduced lunch.
- Lunch: Money for lunch should be paid in advance to the classroom teacher. The state of South Carolina says that we cannot issue credit for meals. Your child will be given the opportunity to call home for lunch money if the situation arises.
- Prices: Student Full Pay--\$2.70 Daily / \$13.50 Weekly (increased by state change)  
Student Reduced--\$ .40 Daily / \$2.00 Weekly  
**Breakfast in the classroom free to all students**  
Teacher Breakfast--\$2.55 Teacher and Parent Lunch--\$4.00 (increased by state)

School bus transportation is a privilege provided to those students living one and one-half miles or more from the school according to South Carolina Department of Education guidelines. **A child may ride the assigned bus only.** **All changes of transportation must be in writing from the parent and approved by the principal's office and/or bus supervisor in advance of the change.** In order to make bus rides as safe as possible, students who repeatedly violate bus safety rules will not be allowed to continue riding the bus. Parents of such students will then have to provide transportation for their child. The transportation supervisor for the Latta Schools is in charge of bus routes, drivers and school bus regulations. ### • **MORNING CAR DROP- OFF AND BREAKFAST PROCEDURES**

**The school grounds open at 7:20 to accept students. Please do not leave your child at school unattended.** Students arriving between 7:20 and 7:35 report to the cafeteria. Parents should pull all the way around the unloading zone loop to fill spaces and stay in the car. Students in grades 1-4 should exit their cars on their own. 4K and 5K student will be assisted by school staff that will open the door and assist the child out of the car. Please ensure the child's seatbelt is unfastened and the child has all belongings in hand ready to exit. Goodbye hugs and kisses must be handled before stopping to unload in order to move the line quickly. **For everyone's safety, we do NOT permit driver cell phone use on the pickup loop.** Staff members will direct children to the cafeteria or classes as applicable.

A 4K or a new 5K child who is upset or taking longer to adjust to the morning schedule may be walked in by the parent **for the first week ONLY**. Since the staff parking lot will not have sufficient room, parents who choose to walk their child in will need to circle around to park in the closest available space or the football field parking area and walk on the sidewalk up to the building. Beginning the second week, **ALL** parents will drop children off on the drop off loop. If your child is ready to go with the teacher on duty the first day, please support them to do so. ### **AFTERNOON CAR PICK-UP PROCEDURES**

**DUE TO BUS AND EMERGENCY ACCESS, PARENTS MAY NOT LINE UP ON VIKING DRIVE FOR PICK-UP UNTIL 2:15 EACH AFTERNOON.** The left lane must be left open for

emergencies. **Parents with sick children, teacher conferences, or other scheduled meetings have permission to park in the main parking lot in a visitor's space** so the 2:30 pick-up line can move normally. Once the afternoon traffic starts the move to the pick-up loop, please remain in your vehicle and cease cell phone use. Staff will bring your child to the car cone, open car doors on the boarding side, and assist your child safely inside. To keep our lines moving, please have child seats accessible from the **boarding side** of the vehicle and move off the loop to football field parking to fasten any seatbelts before leaving the campus. **THE FULL SEATBELT LAW FOR CHILDREN IS POSTED AT THE CLOSE OF THIS HANDBOOK.** We use a car tag identification procedure. Parents are given **TWO** window identification cards at Open House that are **REQUIRED TO BE USED BY ANYONE PICKING UP A CHILD.** If your child will be picked up in any car, this ID card must hang from your rear view mirror OR on the passenger side visor.

**Without a visible ID card, your child will not be permitted to get in the car.** Any driver without an ID will have to circle to the parking lot and go into the office to sign the child and wait for the teacher to re-enter the building with him or her. **out as your child's safety is our first priority.**

**Please note that for our children and staff's safety, we do NOT permit cell phone use by the driver once on the pickup loops.**

Students who are chronically late to school often suffer academically from lost instructional time. For this reason, a record should be kept of all tardies to school. When tardies become excessive in the opinion of the principal, he/she, in consultation with appropriate staff, will counsel the parent/legal

guardian. If after this counseling, the student is persistently tardy, the principal will notify the parent/legal guardian and an intervention plan to correct the problem will be written. If the parent/legal guardian fails to comply with the intervention plan, the principal at his/her discretion may refer the case to proper authorities for educational neglect. For purposes of this policy, three unexcused tardies to school will constitute one unexcused absence. Additionally, three unexcused early dismissal sign-outs will constitute one unexcused absence. Unexcused tardies or early sign-outs are those that would not qualify as "lawful absences" under board policy.

### ❖ **OUTSTANDING BALANCES**

Parents of students are responsible for all outstanding balances accrued by their child. All outstanding balances for money owed will be carried over from one school year to the next. Non-academic privileges may be withheld from students who have outstanding balances. Parents and students owing outstanding balances are encouraged to discuss payment options with the school administrator or bookkeeper. A record of student debt will be provided to parents. Outstanding balances include money owed for, but not limited to: fund raisers, lost or damaged books or other school materials, damages to school property, food service accounts, and any costs associated with a school event or activity.

### ❖ **GIFTED AND TALENTED PROGRAM**

#### **Definition of Gifted and Talented Students**

Gifted and talented students are those who are identified in grades 3-12 as demonstrating high performance ability or potential in academic and/or artistic areas and therefore require an educational program beyond that normally provided by the general school program in order to achieve their potential.

#### **Gifted and talented abilities for these regulations include:**

- Academic and Intellectual Ability – Students who have the academic and/or intellectual potential to function at a high level in one or more academic areas.
- Visual and Performing Arts – Students who have the artistic potential to function at a high performance level in one or more of the fine arts.

#### **District Program Models:**

Dillon School District 3 uses pull-out model for grade three for 25 minutes per day and a special class model for grade 4. Differentiated approaches and strategies will be used for these students. For students in grades 5-8, a special class model will be used. This model provides services to identified students through a self-contained class organized around one or more academic disciplines. In grades 9-12, gifted and talented students are served in Honors and Advanced Placement classes.

#### **Identification Process and Eligibility Criteria:**

There are three dimensions used in the identification process:

- Dimension A: Reasoning abilities are those higher level cognitive processes that reflect general aptitude for thought. Nationally-normed individual or group aptitude tests must be employed. Students must demonstrate high aptitude, 93<sup>rd</sup> national age percentile or above.
- Dimension B: High Achievement in reading and/or mathematics must be demonstrated with a 94<sup>th</sup> national percentile score or above on a nationally-normed achievement test or by South Carolina statewide assessment instruments such as SC PACT with an advanced score.
- Dimension C: Students must demonstrate a high degree of interest in and commitment to academic and/intellectual pursuits. This dimension will be tested with Performance Dimension Tasks provided by the State Department of Education. Grade point average may be used with rising 7<sup>th</sup> through 12<sup>th</sup> graders. The grade point average must be 3.75 on a 4.0 scale.

Students must meet the requirements in 2 of the 3 dimensions unless the score in Dimension A is 96% or higher. If that condition is met, the student qualifies with Dimension A alone.

### **Referral Process:**

The district uses a universal screening process for the gifted and talented program in grade two. Other referrals should be made to the school administrator who will give this information to the District Gifted and Talented Coordinator. Referrals may be made at any time.

### **Screening Process:**

All second grade students are screened for the gifted and talented program through the use of a nationally norm-referenced test and an aptitude test. All students are tested in a group setting in the fall. Students who are referred to the gifted and talented program will be tested at the time of referral if appropriate tests scores are unavailable.

### **Appeals Process:**

Parents who want more information about their child's status regarding the gifted and talented program may contact their school principal.

### **Source for Additional Information:**

If further information is needed regarding identification procedures and program services, please contact the District Office.

## **❖ STUDENTS WITH SPECIAL HEALTH CARE NEEDS**

Many health care services can be provided for students to keep them at school where they can learn and participate with other students. Our goal is to provide information to parents and legal guardians about some of the services and programs available for addressing the health care needs of students during the school day to help students succeed in school. It is important that the necessary health care information is shared with the appropriate people—such as teachers on duty during recess, bus drivers, and cafeteria employees—to make sure that the students' needs are met throughout the school day.

## **❖ INDIVIDUAL HEALTH CARE PLANS OR INDIVIDUAL HEALTH PLANS (IHPS)**

Individual health care plans are also called individual health plans or IHPs. School nurses who are registered nurses write IHPs to guide how a student's health care needs will be met while at school. The nurse works with the student, the student's parents or legal guardians, the student's health care provider, and other school staff to write the plan. IHPs are written for students who have special health care needs that must be met by school staff during the school day. IHPs are also written for students who have been approved by the school district to self-medicate or self-monitor. To learn more about IHPs, talk with your child's school nurse.

## **❖ SECTION 504 OF THE REHABILITATION ACT OF 1973 (SECTION 504)**

Section 504 is a federal law that requires public schools to make adjustments so that students with certain disabilities can learn and participate in settings like other students who do not have disabilities. To be eligible for services under Section 504, a student must have a condition that substantially limits one or more major life activities. A team decides if a student is eligible. The team should include the student's parent or legal guardian, the student (if able), and others who know the student or know about the student's disability, such as a teacher, a guidance counselor, a school nurse, and other school staff. If the student is eligible, the team develops an individual accommodation plan. The individual accommodation plan explains how the student's needs will be met while at school and may include health services for the student during the school day if needed. To learn more about Section 504, contact your child's principal or the Director of Exceptional Children at the Latta District Office at 843-752-7101.

## **❖ INDIVIDUALS WITH DISABILITIES EDUCATION ACT (IDEA)**

Students, ages 3 through 21 years, may receive services under the IDEA if the student needs special education and related services to benefit from his or her educational program. A team decides if a student qualifies for services under the IDEA. The team includes the student's parent or legal

guardian, teachers, and other school staff. The team develops an individualized education program (IEP) if the student meets federal and state requirements. The IEP outlines a plan for helping the student receive a free appropriate public education and meet goals set by the team. The IEP may include health services for the student during the school day if needed. Contact the Director of Exceptional Children at the Latta District Office at 843-752-7101 to learn more about the IDEA.

❖ **MEDICAL HOMEBOUND INSTRUCTION**

Medical homebound instruction is a service that is available for students who cannot attend school for a medical reason even with the aid of transportation. A physician must certify that the student has such a medical condition but may benefit from instruction, and must fill out the medical homebound form that the school district provides. The school district then decides whether to approve the student for medical homebound services. The school district will consider the severity of the student's illness or injury, the length of time that the student will be out of school, the impact that a long period away from school will have on the student's academic success, and whether the student's health needs can be met at school. To learn more about medical homebound services, contact your child's principal or the Director of Exceptional children at 843-752-7101 at the Latta District Office.

❖ **NOTICE OF DESTRUCTION OF SPECIAL EDUCATION RECORDS**

Special education records for students with disabilities are maintained by the LEA (school district) until no longer needed to provide educational services for a student. This notice is to inform you that special education records will be destroyed after five (5) years following a student's program completion or graduation from high school, unless the student (or the student's legal guardian) has taken possession of the records, prior to that time. For more information related to the destruction or acquisition of special education records, contact the Director of Exceptional Children for Dillon School District 3 at 843-752-7101 (district office for Dillon School District 3).

❖ **ENFORCEMENT OF THE SC SEAT BELT LAW FOR CHILDREN** (revised for handbook 3-2018)

All children and students must be appropriately seated in car seats prior to entering and upon leaving school property. Our police department will make periodic checks before cars enter and after leaving school property to ensure the safety of each child, including any non-school aged children in vehicles. **Please note that your children four years of age and over are capable of buckling and unbuckling their own seatbelts. Please train and work with your children to ensure they can unbuckle themselves prior to arrival on the drop off loop as well as buckle up so your vehicle does not hold up pick up traffic. PLEASE DO NOT ALLOW THIS SEATBELT TASK TO HOLD UP THE CAR LINES IN MORNING DELIVERY OR AFTERNOON PICKUP.** The law specifies what systems are required as follows:

➤ **SECTION 56-5-6410, CHILD PASSENGER RESTRAINT SYSTEMS**

- A Child under 2 years old must be in the back seat in rear facing child safety seats.
- Children 2-4 years old must be in the back seat in forward facing child safety seats.
- Children at least 4 years old must be in the back seat in belt positioning booster seats which must be used with a lap and shoulder belt.
- Children at least 8 years old or 57 inches tall may be seated in the regular back seat and secured by an adult safety belt.

Children under the age of 6 should NOT sit in the front passenger seat of a motor vehicle unless the vehicle does not have rear passenger seats. Please note this law does not apply to taxis, church, school, or daycare buses, or commercial vehicles but **DOES** apply to daycares using cars for pickup. **Violators are subject to a \$150 fine.**

## ❖ **CRISIS/EMERGENCY INFORMATION FOR PARENTS**

*In case of a crisis or an emergency situation on or near one of the district's schools, officials will:*

- Use the district's emergency alert phone system to call all parents or guardians to notify them of the status of the situation and give them information on when and where they may be safely reunited with their child/children.
- All district schools have policies and procedures in place in the event of a crisis or an emergency. During an actual crisis or emergency situation, local enforcement would quickly assess and if necessary take over facilities limiting any traffic to or from the premises. Therefore, your access to school sites may be limited until law enforcement completely secures the area. Please remember that the administration, faculty and staff are trained to keep your child/children safe, and your full cooperation will be necessary during any crisis/emergency.

### **What Parents Should Do:**

If you receive a crisis or an emergency alert call:

- **LISTEN** carefully to the call from the district's alert system and follow all directions.
- **LISTEN** to local television stations for updates. Stations are listed below.
- **KEEP** your children's emergency contact information up-to-date at the school.

### **What Parents Should NOT DO:**

- **DO NOT CALL** the schools or the district office. It is crucial to keep the telephone lines open during any crisis or emergency.
