

BASIC INSTRUCTIONAL PROGRAM

Code **IHA** Issued **4/05**

Purpose: To establish the board's vision for basic instruction in the district.

The district will provide and implement an appropriate curriculum for children.

It is the policy of the board that a basic curriculum is in place to provide for the intellectual growth of students, pre-kindergarten through the 12th year. The curriculum will give all students a basic body of understanding, attitude and knowledge for living in a democracy which acknowledges that learning experiences and achievement may vary according to individual needs.

This policy will ensure that students have the opportunity to develop intellectual curiosity, critical thinking, problem-solving abilities and aesthetic appreciation during their school years in such a manner that they will be used throughout their lifetime. The curriculum will be based on the South Carolina curriculum standards insuring preparation for the state assessment program.

The professional staff of the district will provide the basic instructional program for the district's schools. The superintendent and board must approve the program.

In compliance with state and federal regulations, the district will not exclude, deny benefits or prohibit students from course offerings on the basis of sex, race, religion, color, immigrant status or English-speaking status, or national origin.
