

SCHOOL-COMMUNITY RELATIONS GOALS/ PRIORITY OBJECTIVES

Code **KCA** *Issued* **10/08**

Purpose: To establish the board's vision for school-community relations.

The board will interpret the educational program to the people and invite discussion and suggestion on important educational policies. The board will attempt, at all times, to represent the entire community rather than any single group or section. To this end, the board establishes the following school-community relations goals.

- to develop intelligent citizen understanding of the school district in all aspects of its operation
- to determine how the citizenry feels about the school district and what it wishes the school district to accomplish
- to develop citizen understanding of the need for adequate financial support of a sound educational program
- to help citizens assume a more direct responsibility for the quality of education the school district provides
- to earn the good will, respect and confidence of the citizenry in the personnel and services of the school district
- to bring about citizen understanding of the need for improvement and what must be done to facilitate essential change
- to involve citizens in the work of the board and the solving of its educational problems
- to invite the assistance, cooperation and understanding of elected and appointed officials and committees in the development of educational programs and facilities
- to promote a genuine spirit of cooperation between the board and community in sharing leadership for the improvement of the community
- to use advocacy as a means to support board policies and foster a citizen understanding of the impact of federal and state legislation on the district and its schools
