

## **POLICY IMPLEMENTATION/DEVELOPMENT OF ADMINISTRATIVE RULES**

*Code* **CH/CHA/CHB** *Issued* **8/04**

---

**Purpose:** To establish both the vision and the basic structure for implementation of board policy and the development of administrative rules.

The superintendent is responsible for carrying out, through administrative rules, the policies established by the board.

The policies developed by the board and the administrative rules developed to implement policy are designed to promote an effective and efficient school system. Consequently, all staff members and students are responsible for adhering to the policies and for abiding by the administrative rules designed to implement them.

### **Administrative rules**

The board delegates to the superintendent the function of formulating and designing the detailed arrangements under which the schools of the district operate. These regulations and detailed arrangements are the administrative rules governing the schools. They must be, in every respect, consistent with the policies adopted by the board.

In the development of rules and procedures for the operation of the school system, the superintendent will involve, at the planning stage, those who would be affected by such provisions.

The board will approve administrative rules when such approval is required by law or otherwise advisable. The superintendent will have freedom, however, to issue additional rules, regulations and procedures provided they are in harmony with board policies.

The board reserves the right to review and veto administrative rules should they, in the board's judgment, be inconsistent with the policies adopted by the board.
