

## COMPUTER/TECHNOLOGY LITERACY

Code **IHAJ** Issued **4/05**

---

Purpose: To establish the board's vision for computer/technology literacy for the district's students.

The primary goal of computer/technology studies is to develop technologically literate citizens. However, these studies do not exist in a vacuum -- the district must use educational technology to support curriculum and instruction. The board believes that students, teachers, media specialists, counselors, administrators, managers and others should have access to technology resources and the ability to use those resources at the time and place of need.

***NOTE:** See policies IJKA - Technology Resource Selection and Adoption and IJNDB - Use of Technology Resources in Instruction for policy on resources, Internet, acceptable use, user responsibility, etc.*
