

EDUCATION AGENCY/INTERORGANIZATIONAL RELATIONS/ GOALS/ PRIORITY OBJECTIVES

Code **LA** *Issued* **5/05**

Purpose: To establish the board's vision for relations with other education and/or interorganizational agencies.

The board will strive to cooperate with and be vitally interested in problems of other school districts and related organizations. This cooperation may extend to the county board of education, the South Carolina School Boards Association, the South Carolina State Department of Education, the National School Boards Association and the U.S. Department of Education.

Also, the board recognizes that many organizations, while not primarily concerned with education, play a definite role in the education of the youth of the district. Therefore, the board will strive to establish positive working relationships with other public and private organizations involved in the education process.
