

Coordinated School Health Advisory Council (CSHAC)

Dillon District Three invites parents and the community to be a part of the school CSHAC committee. Having healthy choices at school helps keep our children healthy and ready to learn. The school Health Advisory Council helps our school create an action plan for nutrition and physical activity at school. Parents and the community can share their opinions and help make sure the policy is meeting the needs of our students.

We understand your busy schedule so the Food Service Director would like to make it easy on you! You may set up a one on one meeting with the director to discuss positive input or email comments about our goals or nutrition and physical activity at their school to: theresa.rogers@lattavikings.com

You are a valued partner in what we do and your opinion matters to us!

If you have any questions please call Theresa Rogers at 752-7101.
