## COGNIA EVALUATION UPDATE

Written by Principal Carmichael

We are proud to announce Latta High School's accreditation through Cognia. During the 2022-2023 school year, Latta High School went through an evaluation process with Cognia to determine our accreditation status for the next five years. During this process our teachers worked diligently to highlight our successes and determine areas needing improvement. We will utilize the information from our accreditation review to continue to make improvements on our educational journey. We received our official Certificate of Accreditation this fall.

### WHAT'S IN THIS MONTH'S ISSUE:

- Cognia evaluation results
- Upcoming activities

**October
