- Signed the “Student Privacy Pledge”
- Comply with FERPA, COPPA, and GDPR.
- Never *sell* user data to third parties but does share data with vetted third party providers.
- Never releases any personal data to/for advertising

**Narrative:** XtraMath® is an online math fact fluency program that helps students develop quick recall and automaticity of their basic math facts. Students with a strong foundation of basic math facts will have an easier time when they begin to tackle more advanced math, like fractions or algebra.

Aligned with standards, XtraMath was designed for K-6 elementary school students but is also used by older students for review or intervention.

Based on our assessment the data appears to be managed correctly and safely.

**Status:** Approved
